

# COUNTY of EASTLAND

**David Hullum**  
County Judge  
100 W. Main, Ste.203  
Eastland, Texas 76448  
254-629-1263  
FAX- 254-629-6090

The Eastland County Commissioners Court passed a resolution on March 9, 2026 in opposition to the proposed Oncor Dinosaur-Longshore Transmission Line that potentially would cross through Eastland County. Pursuant to that resolution, the Eastland County Judge's office has contacted the following individuals/offices expressing our opposition

Oncor  
Public Utility Commission  
Governor Abbott  
Congressman Roger Williams  
Senator Ted Cruz  
Senator John Cornyn  
Representative David Spiller  
State Senator Brian Birdwell  
The PUCT Chairman and Commissioners

If you are a landowner or concerned citizen and would like to reach out on your own behalf, you are urged to contact the Public Utility Commission of Texas (PUCT).

The PUCT has recently developed two websites with helpful information to encourage public participation in these cases.

- The first explains the background of the Permian Basin Reliability Plan, which is the overarching policy behind the transmission buildout:  
<https://www.puc.texas.gov/industry/electric/business/permian-basin/>
  - This site explains how each transmission project will be considered by the PUCT and how the public can directly participate through submitting comments or even intervening as a party to the case. Deadlines and video tutorials on their internet filing system are all available.
- The second is the PUCT Consumer Help site:  
<https://www.puc.texas.gov/consumer-help/>
  - This is a more general website with common Q&A for electricity, water/wastewater, and telecommunications questions.

Additionally, if constituents prefer direct assistance, they can call or email the Office of Public Engagement with their questions:

- 512-936-7374
- [public@puc.texas.gov](mailto:public@puc.texas.gov)
